Title: A Qualitative Study in Metaparaphilosophical Radiation

Author: Mempto

Despite Felcrodan's theory  
of 0335, there are,  
indeed, rays of energy  
that constantly bombard  
Britannia. In fact, these  
very same rays permeate  
of all the know space  
between Britannia and the  
stars. Recent  
experiments have proven  
my thery that these  
rays, known hereafter as  
"Mempto Rays", are lethal  
to all non-living matter.  
In fact, Mempto rays  
have demonstrated their  
ability numerous times,  
once killing an entire  
boulder in a matter of a  
few hours. It is my  
recommendation...
